Medical Equipment Service Programs

Why choose IDI as your next biomedical service company? Our program has the flexibility for you to choose your equipment service coverage, saving you money. IDI performs preventive maintenance (PM), electrical safety and repair service on a full range of biomedical equipment. We also provide radiology service for a variety of manufacturers.

Our biomedical service programs are customized to meet each facility operating budget requirements. IDI ensures you receive the level of service that you expect and deserve whether you are a small or large facility. We offer several different service plans.

- Time and Material Services at Competitive Prices – Reduced Travel Rates
- Preventive Maintenance Only Service Contracts – Includes Travel
- Labor and Preventive Maintenance Only Service Contracts – Includes Travel
- Labor, Parts and Preventive Maintenance Service Contracts – Includes Travel
- Full Healthcare Facility In-house Biomedical Programs

IDI keeps track of all medical equipment maintenance performed by using our state of the art Equipment Management Service Program. This program meets or exceeds JCAHO, NFPA, state and local guidelines. Being in business for over 18 years, you can be assured of our continued competence in the medical equipment repair and service field.

Outside of general medical equipment we also perform PM and repair service on the following equipment saving healthcare facilities **25 to 50 percent over OEM repair prices.**

- Aesthetic and Surgical Lasers
- Anesthesia Machines
- Contrast Injectors
- Surgical Scope Repair
- Stryker Endoscopy and Surgical Equipment Repair – Loaners
- Video Cameras, Couplers, CCD & Cable Replacement
- Power Equipment, Orthopedic Hand Pieces
- Storz Telecam and Telecam Autoclave, Storz Tricam and Tricam Autoclave
